

CAPABILITY STATEMENT

COMPANY OVERVIEW

Kai-ros Solutions is a trusted, U.S.-based provider of mission-critical lubrication products and supply chain solutions, specializing in government contract fulfillment across federal, state, and defense sectors. We deliver high-performance lubricants, oils, greases, and specialty fluids that support operational readiness, equipment longevity, and mission success. With an extensive and globally sourced product portfolio, Kai-ros partners with leading manufacturers to provide comprehensive coverage across aviation, fleet, industrial, and heavy equipment applications. From turbine oils and hydraulic fluids to metalworking and specialty lubricants, we ensure that every product meets stringent quality standards and regulatory requirements. Our team operates with a deep understanding of government procurement processes, including RFQs, RFPs, Statements of Work (SOWs), and urgent fulfillment demands. Structured to respond with speed, accuracy, and accountability—whether time-sensitive, or high-priority—Kai-ros Solutions is built to support operational readiness, equipment longevity, and mission success across the most demanding sectors.

CORE COMPETENCIES (PRODUCTS)

- Aviation
- Axle & Transmission
- Base Oil
- Compressor Oil
- Coolants
- Circulating Oil
- Electrical Oil
- Engine Oil
- Gear Oil
- Grease
- Hydraulic Fluid
- Metalworking
- Turbine Oil
- Specialty Lubricant

DIFFERENTIATORS

- We proudly offer the complete US product line for every brand we offer, while also sourcing hard-to-find, discontinued, or internationally based products.
- Our cross-trained staff ensures continuity, responsiveness, and precision at every stage.
- Certified packaging processes protect product integrity from warehouse to final delivery
- Ability to evolve, satisfying our customers ever-changing requirements.
